Wire Wing Panels

Part Number: **Part Number: WWP**

Attract attention to your End Caps with Wire Wing Panels. Mount panels directly to the Upright or attach to the Shelves behind.

Product Details:

- 48"H x 14"W x 5"D
- Fully wrapped wings
- Wires are spaced on 27/32" centers, accepts crossbar and 1" grid hooks
- Two mounting methods available:
 - Welded Upright Mounting Brackets: Mounts on left or right side with no loose hardware (recommend using shelf behind)
 - J-Mount Attachment Clips: Mounts direct to two shelves (two clips included)
- When used with EMPs, Wire Wing Panel Bracket cannot be in the same Upright slot as Shelf Bracket. J-Mount Clip must be used for stability and can only be used with a flat position Shelf
- CANNOT be used with Contoured End Shelves
