Wire Grid Assembly Retainers

Part Number: **RE**

Wire Backs require Back retainer to fit backs into Uprite. Choose the style that best fits your visual merchandising needs.

Product Details:

- Wire Backs require perimeter retainers to adapt them for use in standard Lozier Uprites
- For the most efficient length configuration, order lengths per the Wire Back Assembly
- Order two RE_ to be used in the horizontal application
- Order a minimum two RE_ to be used in the vertical application
- For sections taller than 54"H (RE_48) and up to 96", order RU_upper retainer to correspond to the overall Back height
- For Backs taller than 96"H order one Splicer Rail (R_S), two horizontal retainers (RE_), and two vertical retainers (RE_)

S = Single Back

D = Double Back

T = Triple Back
