Wall-Mount Bracket (Slot Mount)

Part Number: **UWMB**

Use the Wall Mount Bracket (Slot Mount) to secure your Wall Gondola to a building wall. The Bracket inserts into an Uprite slot and fastens to the wall. Available in Center and End configurations.

Product Details:

- Use to connect standard or heavy duty Uprites to building walls by inserting Bracket into the Uprite slot
- Order enough brackets to place on wall at minimum of 48" on center, per Uprite
- Required for Wire Back Retainer Assemblies
- Extension Uprites require one Bracket for Uprites up to 36"H; two for Extensions over 36"
- Fasteners not included
