Wall and Island Extension Sections

Part Number: **WS, IS**

Add height to your Wall or Island Gondola with an Extension Section. Each Extension Section includes the appropriate number of Uprites, Backs, and Rails to create your section. One End is required for any run length that includes Extension Sections.

Product Details:

- Use on existing Island or Wall sections to make taller
- One Extension End required for any length run

ISLAND EXTENSION INCLUDES

- 1 Extension Uprite
- 2 Back Materials for both sides
- 2 Top Rails (plus 1 Center Rail if 36"H or over)

WALL EXTENSION INCLUDES

- 1 Extension Uprite
- 1 Back Material, one side only
- 2 Top Rails (plus 1 Center Rail if 36"H or over)
